<p>Xiaomi Technology Netherlands</p> <p>B.V. Prinses Margrietplantsoen</p> <p>392595 AM, The Hague, The Netherlands</p> <p>http://dataact.mi.com/</p>	<p>In general, the contract for providing related services will be valid until consumers terminate it or withdraw their consent for data processing.</p> <p>The general way for terminating the contract is to withdraw consent through the Mi Home/Xiaomi Home app or by visiting http://dataact.mi.com/.</p>	<p>Xiaomi Technology Netherlands</p>

Will Xiaomi use such related service data and for what types of purposes?

Yes, Xiaomi uses this kind of data so as to fulfill the purposes as indicated above.

Will Xiaomi share these data with third parties?

In general, the answer is negative. Xiaomi will ask for the consent of users in the cases that it needs to invite third parties to provide services for users.

3. Users' Right to Lodge a Complaint

According to Article 3 (3) (g) of the Data Act, users have the right to lodge a complaint with the supervisory authority of the Member State regarding, among others, data disclosure or sharing.

At the time of publication of this document, EU Member States are working on designating

the authorities of accepting complaints related to the Data Act, and we will keep you updated if there are any progress.

3. Virtual Assistants

You may use third-party virtual assistants' services (such as Google Assistant) through Xiaomi smart doorbell, and you typically need to log in to your third-party account and accept user terms or privacy policies. If you use these services, your devices may generate corresponding related service data. According to Data Act, these third parties are the holders of the data. Please contact them for information regarding such data.
