Non-personal data	Switch between natural breeze or direct blow. Set the fan speed in the Mi Home app.	about 218 bytes	Cloud Storage; As per the needs of contract and service performance. In general, users can delete the data themselves or ask Xiaomi to delete it.	Please contact http://dataact.mi.com/
Non-personal data	Child lock function: Use the child lock function to prevent children from changing the settings	about 109 bytes	The ordinary intended retention period ranges from 90 days to 550 days.	

Data holder's identity, name, and contact information	Contract term; How to terminate it?	Who is the holder of the trade secret (if any)?
Xiaomi Technology Netherlands B.V. Prinses Margrietplantsoen 392595 AM, The Hague, The Netherlands http://dataact.mi.com/	In general, the contract for providing related services will be valid until consumers terminate it or withdraw their consent for data processing.	Xiaomi Technology Netherlands

	<p>The general way for terminating the contract is to withdraw consent through the Mi Home/Xiaomi Home app or by visiting http://dataact.mi.com/.</p>	
--	--	--

Will Xiaomi use such related service data and for what types of purposes?

Yes, Xiaomi uses this kind of data so as to fulfill the purposes as indicated above.

Will Xiaomi share these data with third parties?

In general, the answer is negative. Xiaomi will ask for the consent of users in the cases that it needs to invite third parties to provide services for users.

3. Users' Right to Lodge a Complaint

According to Article 3 (3) (g) of Data Act, users have the right to lodge a complaint with the supervisory authority of the Member State regarding, among others, data disclosure or sharing.

At the time of publication of this document, EU Member States are working on designating the authorities of accepting complaints related to Data Act, and we will keep you updated if there are any progress.

4. Virtual Voice Assistant

It's worth noting that for some products, you may be able to use virtual voice assistants like Amazon Alexa or Google Assistant to provide voice assistant services. If you use these services, they will generate corresponding service data. Since Amazon or Google are the holders of this data, please contact them directly to obtain information about the service data.
