Color	<ul style="list-style-type: none"> <li>Light color</li> <li>Adjust the color temperature</li> </ul>	JSON	about 5 bytes	Real-time generation		

## 2. Related Service Data

In general, you can connect to the Mi Home / Xiaomi Home app, so as to, among others, adjust brightness and color temperature. If you use such digital services, the following related service data will generally be generated.

Data Nature	Data Collection Purposes	Estimated Volume	Storage Method and Retention Period	How to Access or Retrieve Data
Non-personal data	<ul style="list-style-type: none"> <li>Control lights remotely through the app</li> <li>adjust brightness and color temperature</li> </ul>	about 5 bytes	Cloud storage; As per the needs of contract and service performance. In general, users can ask Xiaomi to delete it. The ordinary intended retention period ranges from 90 days to 550 days.	Please visit <a href="http://dataact.mi.com/">http://dataact.mi.com/</a>

Data holder's identity, name, and contact information	Contract term; How to terminate it?	Who is the holder of the trade secret (if any)?
Xiaomi Technology Netherlands B.V. Prinses Margrietplantsoen 392595 AM, The Hague, The Netherlands	In general, the contract for providing related services will be valid until consumers terminate it or withdraw their consent for data	Xiaomi Technology Netherlands

<a href="http://dataact.mi.com/">http://dataact.mi.com/</a>	processing.  The general way for terminating the contract is to withdraw consent through the Mi Home/Xiaomi Home app or by visiting <a href="http://dataact.mi.com/">http://dataact.mi.com/</a> .	
---	---	--

### **Will Xiaomi use such related service data and for what types of purposes?**

Yes, Xiaomi uses this kind of data so as to fulfill the purposes as indicated above.

### **Will Xiaomi share these data with third parties?**

In general, the answer is negative. Xiaomi will ask for the consent of users in the cases that it needs to invite third parties to provide services for users.

### **Users' Right to Lodge a Complaint**

According to Article 3 (3) (g) of the Data Act, users have the right to lodge a complaint with the supervisory authority of the Member State regarding, among others, data disclosure or sharing.

At the time of publication of this document, EU Member States are working on designating the authorities of accepting complaints related to the Data Act, and we will keep you updated if there are any progress.

### **3. Virtual Assistants**

You may use third-party virtual assistants' services (such as Google Assistants) through Xiaomi TV, and you typically need to log in to your third-party account and accept user terms or privacy policies. If you use these services, your devices may generate corresponding related service data. According to Data Act, these third parties are the holders of the data. Please contact them for information regarding such data.
