### **Users' Right to Lodge a Complaint**

According to Article 3 (3) (g) of the Data Act, users have the right to lodge a complaint with the supervisory authority of the Member State regarding, among others, data disclosure or sharing.

At the time of publication of this document, EU Member States are working on designating the authorities of accepting complaints related to the Data Act, and we will keep you updated if there are any progress.

### **3. Virtual Assistants**

You may use third-party virtual assistants' services (such as Google Assistants) through Xiaomi smart air fryers, and you typically need to log in to your third-party account and accept user terms or privacy policies. If you use these services, your devices may generate corresponding related service data. According to Data Act, these third parties are the holders of the data. Please contact them for information regarding such data.
