

## Xiaomi smart humidifier

According to the EU Data Act, the following Xiaomi smart humidifier may be classified as connected product. There are two types of products sold by Xiaomi in the EU.

Number	Products
1	Xiaomi Evaporative Humidifier EU
2	Xiaomi Smart Humidifier 2 EU

The data collected by Xiaomi smart humidifiers may vary depending on the versions and models. For specific details, please refer to the product user manual and user agreement.

In general, the product data and related service data processed by Xiaomi smart humidifier are as follows. If users want to access, retrieve or delete data, please visit <http://dataact.mi.com/>.

### 1. Product Data

Data type	Data Processing Purposes	Data format	Estimated Volume	Whether it can be generated continuously or in real time	On-device or Cloud Storage	Intended Retention Period
Water Level Data	To monitor the water level status of the humidifier	JSON	Generate 1 to 128 bytes each time	No	On-device storage only	As per the needs of contract and service performance . In general, users can

Brig htne ss data	To monitor the brightness status of the humidifier, data is collected.	JSON	Generate 1 to 128 bytes each time	No	On-dev ice storage only	delete the data themselves or ask Xiaomi to delete it. The ordinary intended retention
Hum idity Data	To monitor the humidity status of the humidifier, data is collected.	JSON	Each time, 1 to 128 bytes are generated.	No	Stored on-devi ce first, then uploade d to the cloud.	period ranges from 90 days to 550 days.
Tem pera ture Data	To monitor the temperatur e status of the humidifier, data is collected.	JSON	Each time, 1 to 128 bytes are generated.	No	Stored on-devi ce first, then uploade d to the cloud	
Fault Data	Data collected for fault recording and analysis	JSON	Generate 1 to 128 bytes each time	No		

## 2. Related Service Data

This product is compatible with the Xiaomi home app. You can use the Xiaomi home app to add and control your device, and to make the humidifier interact with other smart home devices. If you use such digital services, the following related service data will generally be generated.

Data Nature	Purpose of Data processing	Estimated Volume	Storage Method	Retention Period	How to Access or Retrieve Data
Cyclic Pattern Data	To collect for the humidifier's cycling mode	1 to 128 bytes are generated.	On-device storage only	As per the needs of contract and service performance. In general, users can delete the data themselves or ask Xiaomi to delete it. The ordinary intended retention period ranges from 90 days to 550 days.	Please contact <a href="http://dataact.mi.com/">http://dataact.mi.com/</a>
Scheduled Shutdown Data	To collect for the implementation of the humidifier's timed shutdown function	Generate 1 to 128 bytes each time	Store on-device first, then upload to the cloud.		
Over-wet Protection Data	To collect data for the over-humidification protection function of the humidifier	1 to 128 bytes are generated.	Store on-device first, then upload to the cloud.		
Filter Cartridge Data	To collect for filter replacement	Generate 1 to 128 bytes each time	On-device storage only		

<b>Data holder's identity, name, and contact information</b>	<b>Contract term; How to terminate it?</b>	<b>Who is the holder of the trade secret (if any)?</b>
<p>Xiaomi Technology Netherlands</p> <p>B.V. Prinses Margrietplantsoen</p> <p>392595 AM, The Hague, The Netherlands</p> <p><a href="http://dataact.mi.com/">http://dataact.mi.com/</a></p>	<p>In general, the contract for providing related services will be valid until consumers terminate it or withdraw their consent for data processing.</p> <p>The general way for terminating the contract is to withdraw consent through the Mi Home/Xiaomi Home app or by visiting <a href="http://dataact.mi.com/">http://dataact.mi.com/</a>.</p>	<p>Xiaomi Technology Netherlands</p>

#### **Will Xiaomi use such related service data and for what?**

Yes, Xiaomi will use this kind of data so as to fulfill the purposes as indicated above.

#### **Will Xiaomi share with third parties?**

In general, the answer is negative. Xiaomi will ask for the consent of users in the cases that it needs to invite third parties to provide services for users.

### **3. Users' Right to Lodge a Complaint**

According to Article 3 (3) (g) of the Data Act, users have the right to lodge a complaint with the supervisory authority of the Member State regarding, among others, data disclosure or sharing.

At the time of publication of this document, EU Member States are working on designating

the authorities of accepting complaints related to the Data Act, and we will keep you updated if there are any progress.

#### **4. Virtual Assistants**

You may use third-party virtual assistants' services (such as Google Assistant) through Xiaomi humidifiers, and you typically need to log in to your third-party account and accept user terms or privacy policies. If you use these services, your devices may generate corresponding related service data. According to Data Act, these third parties are the holders of the data. Please contact them for information regarding such data.
