

## Assam Relief Support

### Introduction

Xiaomi as a company started with a single cause “Innovation for everyone”. We started our operations in India 8 years back with a handful of people & with a lot of dreams. The past 8 years have been magical and so has been our journey.

We have not only focussed about doing business but also always worked on key topics concerning on the society and helping people at large and we always tried to affect people in the most positive way and change society and the way we look at things differently.

### Assam Floods 2022

Assam, a state prone to flooding and erosion, has been inundated with flooding and the resulting landslides for the past five days, with 33 districts reports flooding. As on June 17, eight rivers are flowing above high flood level and three rivers are flowing above the danger level. Additionally, landslides have been reported in Dima-Hasao, Goalpara, Morigaon, Kamrup & Kamrup (M) in the last few days. Approx 126 people have lost their lives due to the critical flood situation that has affected a population of nearly 65 lakhs due to flooding and landslides across the state since the monsoon season began on April 6, 2022.

As a responsible corporate citizen Xiaomi India would like join hands to help affected families by offering Flood Relief package. Relief package contains essential food, hygiene items & few necessary items to help these families on this tough time.

### **Xiaomi's Support:**

Xiaomi's effort was helping 1000 Families with the donation of close to 3,000 Kilos of rice, 1000 kilos of grains which helped in feeding those affected. Apart from this we have provided the essential hygiene items like Bleaching powder and Phenyl to 1000 disquieted families and few necessary items to help these families through this tough time.
