

Routers

According to Data Act, some Xiaomi WIFI Range Extenders products are classified as connected products. The list of such products sold in the EU is as follows (continuously updated):

1	Mi WiFi Range Extender AC1200
2	Xiaomi Router AC1200
3	Mi Router 4A
4	Mi Router 4A Gigabit Edition
5	Mi Router 4C (White)

It should be noted that some Xiaomi routers are not classified as connected products under the Data Act. The data collected by Xiaomi routers may vary depending on the versions and models. For specific details, you can refer to the product user manual and user agreement. In general, the product data and related service data processed by such products are as follows. **If you wish to access, retrieve or erase relevant data, please contact <http://dataact.mi.com/>.**

1. Product Data

Data Type	Data Processing Purposes	Data Format	Estimated Volume	Whether generating data continuously and in real-time	On-device or Cloud Storage	Intended Retention Period
Device Data	Record the quantities of connected devices	JSON	about 1.46KB	Yes	On-device storage prior to cloud upload	As per the needs of contract and service performance. In general, users can delete the data themselves or ask Xiaomi to delete it. The ordinary intended retention period ranges from 90 days to 550 days.
Speed data	Monitor upload and download speeds	JSON	about 3KB	Yes	On-device storage prior to cloud upload	

2. Related Service Data

Data Nature	Data Processing Purposes	Estimated Volume	Storage Method and Retention Period	How to Access or Retrieve Data
